Tim and Mary Stockwell are both retired and enjoying their Packard's, and other Classic cars in their collection. They have two '51 Packards and a 1966 Mustang.

Don and Ruth Hammer have joined and attended the July meeting.

Robert Bilyeu has joined the club.

Rollin' Oldies July Car of the Month Jim Stinson's 1966 Impala

(If you have not seen this car, you must have missed all the car shows. – ed.)

Jim has had his 66 Impala (named BEEZ 66) for quite a few years so he has become familiar with her little quirks. She prefers non-ethanol gasoline so that is what she gets.

No matter that it is the most expensive gasoline and that she gets less than 10 miles to the gallon. Go figure.

A few years ago he decided that fender skirts would look really great. He investigated the expense and found that it would cost a mere \$200.00. That did not last long however. When he tried to install the skirts he found that they would not fit with the oversized tires. His \$200.00 project quickly became an \$1100.00 one. Most likely almost any classic car owner will have a similar experience, so why do we continue to love driving classic cars? Because it is so much fun!

Living and Cruising in Oregon

(Thanks to Carol Hood for the following. – ed.)

-Your idea of a traffic jam is ten cars waiting to pass a tractor on the highway.

-‘Vacation’ means going to Portland for the weekend.

-You measure distance in hours.

-You often switch for ‘heat’ to ‘A/C’ in the same day.

-You use a down comforter in the summer.
